

TWO GREAT POWERS FALL IN LINE WITH U. S.

LIMITATION OF LAND ARMAMENT IS NOW HOPE OF FRANCE

GREAT BRITAIN AND JAPAN ACCEPT AMERICA'S PROPOSAL FOR LIMITATION OF NAVIES

British Delegation Leader Accepts "In Spirit And Principle" Secretary Hughes Epochal Arms Proposals—Japan Then Follows Suit

TWO RESERVATIONS MADE BY BRITISH

The great powers of the world today approved in principle America's sweeping proposals for limitation of naval armament. One after another representatives of Great Britain, Japan, Italy and France rose in the convention and accepted America's program in laudatory terms.

The British suggested certain reservations, principally as to submarine and replacements. Japan indicated the would ask slight modification in the replacement program and France urged that limitation of land forces be speedily brought before the convention. Italy gave unqualified approval of the American plan.

Secretary Hughes expressed gratification at the acceptance of the powers and indicated he believed the success of the conference was assured.

The conference adjourned today to meet at the call of the Chairman.

Continental Hall, Washington, D. C., November 15.—The American plan for drastic cuts in naval armament was partly and officially accepted today "in spirit and in principle" by Great Britain, through one of her greatest statesmen, Arthur J. Balfour.

He suggested only two reservations—on submarines and replacements.

Japan accepts in principle the American plan for limitation of armament, Baron Kato, head of the Imperial Japanese Navy, declared today before the Arms Conference, following the official declaration of Great Britain's acceptance.

Balfour Praises Harding

Spending before the Arms Conference this morning Sir Arthur Balfour hesitatingly but then, piled President Harding and Secretary Hughes with praise for America's bold move.

"The step taken by America will be epochal," he said "And Great Britain is glad to be able to endorse the proposal. A suffering world would look with thanks at their efforts," he added.

Even greater reduction in submarines than that proposed by the United States was the effort of the British reservation in this respect. British experts, also believed he stated, that big cruising submarines, designed strictly for offensive purposes, should be banned.

Japan Wants Few Moderations

Baron Kato, in his speech accepting the proposals on the behalf of Japan, said:

"I must speak simply and concisely and above all frankly. A few moderations relating to replacements of certain classes of ships will be suggested. Japan never has had and does not desire now to have a navy equal in strength to that of the United States or England. She only wants armament essential for defense," he stated. His brief speech was applauded to an echo.

Power Decision Awaited

Washington, D. C., Nov. 15.—If the Hughes proposals for the limitation of naval armament are turned down by the other powers, the United States proposes to immediately add

THE WEATHERMAN SAYS:

"Well, don't blame me, I'm doing my best. Wonder if that Conference in Washington could make any suggestion on the limitation of some of this weather we're having."

WALL ST. JOURNAL SAYS BETHLEHEM NOT IN WAR GAME

Official Finance Journal Publishes Figures To Show Big Corporation Not Building Ships.

ONE ARMS PLANT

New York, N. Y., Nov. 15.—The Bethlehem Steel Corporation's total investment in war material plants is less than 5 percent of its total property investment, the Wall Street Journal said today.

"Of the total property investment of \$252,000,000 at the close of 1920, Bethlehem had invested in shipyards under \$21,000,000, less than 10 percent. Only one yard is now engaged in building war material.

"The Republic Iron and Steel, Lackawanna, Youngstown Sheet and Tube, Inland Steel and Jones and Laughlin—none of these are producing war material. Crucible and Midvale are employed in producing war material, but the management has bent every effort in recent years to increase the production of commercial steel rather than that of munitions.

NEW YORK STOCKS

New York, Nov. 15.—American Smelter Tobacco, 38 7/8; Anaconda, 43; Baldwin Locomotive, 94; Baltimore & Ohio, 34 1/2; Bethlehem Steel, 54 1/2; General Motors, 123 1/2; General Motors, 11 1/2; Middle States Oil, 11 1/2; Midvale Steel, 21 1/2; Pennsylvania, 25 1/2; U. S. Steel, 52 1/2; Wilkes, 10 1/2.

Self-Satisfaction

The fool who thinks he has brains has it all over the wise man who is confident in his wisdom.

RENEWED THREATS OF RAIL STRIKE ARE NOW HEARD

Rumors Rife That Brotherhoods Again Consider Walk-out On Wage Reductions.

CHIEFS MEET IN CHICAGO TODAY

52 Eastern Roads Reported To Ask Employees To Conference On Wage Adjustment.

Chicago, Ill., Nov. 15.—Renewed threats of a railroad strike were heard here today as the Chiefs and general chairmen of the Brotherhood of Locomotive Engineers and Locomotive Firemen met today for these purposes:

1. To discuss current and well founded reports according to railroad workers, that the United States Railroad Labor Board had adopted and was ready to announce many working rules and conditions which labor considers unfavorable.
2. To discuss information said to be in the hands of the Unions that the railroads were to post notices of wage cuts this week.

52 Roads to Ask Conferences
New York, N. Y., Nov. 15.—52 eastern railroads were to publish notices today calling various classes of labor into conference to consider the adjustment of wages and working conditions.

MARSHAL FOCH IS GREETED BY CROWD AT QUAKER CITY

Generalissimo Of Allied Armies Places Wreath On Statue Of Joan D'Arc On Arrival There

Philadelphia, Nov. 15.—A day check full of activities of various kinds was in store for Marshal Ferdinand Foch, Generalissimo of the Allied Armies during the World war, following his arrival here this afternoon.

Thousands of people welcomed him as he stepped from his train. Shortly after his arrival the Marshal placed a wreath on the statue of Joan D'Arc. A salute of 19 guns greeted him.

AMERICAN LEGION BAND ARRANGES TO GIVE CONCERT

It was announced today that the American Legion band had arranged to give a concert at the High School Auditorium on the evening of Tuesday, November 20th and Wednesday, November 21st. A small admission will be charged.

H. Clark Thayer, in charge of the band is preparing a musical treat for Clearfield on this occasion. The local band organization has made an enviable record during the past year and the concert promises to be a fitting number to start off their winter musical season here.

FIVE PICKED ON ARBUCKLE JURY

San Francisco, California, November 15.—The Arbuckle jury will be completed by night, it was predicted before the opening of the second session today in the trial of a Chicago woman for the slaying of Virginia Rappe.

Five women, three of whom have been tentatively picked by the judge. Examination of the woman was to be completed at the opening of court today and if the twelve jurors are selected today introduction of evidence will begin Wednesday morning.

FRANCE SEEKS LIMITATION OF WORLD'S LAND FORCES

Premier Briand Asserts Question Of Land Forces Must Come Before Washington Conference Soon

Washington, D. C., Nov. 15.—Limitation of land armament must be brought before the Arms conference soon, Premier Briand, of France, said today in his reply accepting America's proposed cut in naval armament.

Briand asserted the question of land forces "must come before the conference—will come before the conference."

"When that time comes" he said "France will answer your appeal."

"I have listened with great joy to the general adherence to America's naval plan by Great Britain and Japan," he declared.

Briand said that if disarmament was merely a question of economy it would be unworthy of such a conference.

CONSUL BEN CHASE SHIFTED TO NEW POST IN ITALY

Local Attorney, Who Has Been On Consular Job For Years, Ordered To Messina.

NOW IN NORWAY

Joseph R. Chase was advised by cable yesterday that his brother Hon. Benjamin F. Chase, American Consul at Trondheim, Norway, had been transferred to Messina, Italy, by the State Department.

Consul Chase has been in the consular service for the past fifteen or eighteen years and has made an exceptionally creditable record.

His first assignment was to Catania, Sicily, after which he represented Uncle Sam's Government at Leeds, England; Leghorn, Italy; Fiume, Hungary; Costa Rica, Central America and Trondheim, Norway. He has had a varied experience and in the pursuit of his official duties has traveled from the North Pole to the Equator.

Had Thrilling Experiences

Consul Chase has had some thrilling experiences in line of duty. During the early days of the world war, he was located at Fiume, Hungary, which was filled with Hungarian and Italian partisans with nationals of about all the other warring countries, and as the American Consul represented all the different foreign nations in combat, his lot was not a happy one and it took a great deal of finesse and diplomacy to keep things moving along peacefully and satisfactorily. He passed through a couple of years of South American revolution and remained at his post and very much on the job, even when his life was threatened openly by the rebels attempting to usurp the powers of the regularly elected president of Costa Rica. Thanks to Consul Chase's firm handling of the situation together with his advices to Washington, this government refused to recognize or do business with the usurpers and he was gratified to see before leaving this post the rightful president of the country restored to power and authority and universal peace settle down over the revolution torn land.

Complimented on His Stand

The President of Costa Rica in a letter to President Wilson, paid the most extravagant compliments to Consul Chase for his conduct in the crisis threatening that country and asked to have him returned as Consul. He was sent instead to Trondheim early in 1921 and his promotion to Messina will be met with pleasure and approval by his Clearfield County friends.

Wisdom From the Far East

The wisdom of nations and the happiness of mankind do not depend primarily on science, intelligence, glory or a government powerful abroad; they depend on peace, truth, confidence, justice, kindness and moral principles. These are the foundations of a good government and the only way to the happiness of the people.

MITCHELL CHASE NEW COMMANDER OF LEGION POST

Elected To Succeed Col. F. B. Kerr—Other Officials Are Elected At Last Meeting.

INSTALL OFFICERS

The regular monthly meeting of the John Lewis Shade Post of the American Legion was held in the Legion rooms last Monday evening, the following officers taking their posts: Mitchell Chase, Commander; M. S. Bowne and Russell Shaw, Vice Commanders; Raymond Wallace, Adjutant; James Mitchell Jr., Treasurer; and G. A. Hess, Historian.

The executive committee for the next term was also elected.

The new Commander and Adjutant then took charge of the meeting, and after a rising vote of thanks to retiring Commander F. B. Kerr, and retiring Adjutant Harry Evans the laying of plans for a stag dinner in honor of Col. Kerr followed.

Athletic Committee Reports

The Athletic Committee reported a successful football team in the field with two games played, one a victory and the other a tie. On Thanksgiving Day another good game is assured and the Saturday following, Altoona Amateurs the support of every Legionnaire Legion will play. The Legionaire at these games.

Mitchell Chase reported for the delegation to the state Convention at Pittsburg, where their success in securing the appointment of Col. F. B. Kerr as National Delegate is known. Mr. Kerr then reported on the National Convention at Kansas City.

The Commandership was this year again unanimously tendered Col. Kerr. He declined however, saying that he appreciated the honor given him but thought that the offices should be given to new holders for the next term.

STOLEN AUTOMOBILE IS RECOVERED BY CLEVELAND POLICE—OWNER AFTER IT

John McCrossin, Of Irvona, Goes To Ohio City After Car Stolen Last Week. Thieves Are Held

John H. McCrossin, of Irvona, was in Clearfield today in consultation with District Attorney Arnold for the purpose of having his stolen automobile returned to him. About one week ago a couple of Irvona youths turned into Mr. McCrossin's Hudson Super Six and had it in the night.

When the theft of the car was discovered the authorities in all the surrounding towns and cities were

ROAD JOBS BEING RUSHED—MANY ARE NEAR COMPLETION

Road Supervisor Westcott Expects To Finish Paving On North Outlet With Fair Weather.

WOULD DO AWAY WITH DETOUR

Other Road Jobs Being Hurried—Avery & Bailey Make Good Time On Allport Road

With any kind of fair weather the balance of the week County Superintendent of Roads Westcott expects to have the brick road from the lower end of Daisy street to the Clearfield Creek bridge in such shape that the detour around through the Clearfield Sewer Pipe yard will be finally done away with.

Supt. Westcott has been very greatly handicapped on the improvement of this stretch of road by adverse weather conditions and is very anxious to have same completed.

The different State road contractors at work in our county are making a general cleanup preparatory to shutting down for the winter.

Rush Drucker's Woods Job

Merion & Hanger, on the Luthersburg DuBois stretch, have been working like Trojans to complete the gap in the connection between these two towns and have to have the entire route open for travel from DuBois clean through as far as Drucker's woods before winter sets in.

Allport Job Being Hastened

The Phillipsburg-Allport road is also being hustled along by Contractors Avery & Bailey, who have made phenomenal progress with their job and expect to have the road through Morrisdale open by the end of the month. The bridge across the Mohawk at the Phillipsburg end of the route remains uncompleted, thus far and we do not know whether it will be possible to complete it before shutting down for the winter or not. If this can be done it will prove of immense advantage to the people living in Morris and Cooper townships.

Clearfield county people have every reason for gratification over the manner in which Commissioner Sadler has taken care of them during the past three years and all those familiar with the situation are loud in their praise of Governor Spraul and his administration that has been given the main highway through the county.

Engineers Make Survey

In addition to the projects under way, a corps of engineers is at work making a survey of the route from Curwensville through Grampian to connect with the Mason & Hanger contracts at the Reams watering trough in Brady township, this side of Drucker's woods. Bids will be asked for the construction of this.

Continued on Page Two

notified but no trace of the stolen machine was secured until yesterday morning when Mr. McCrossin learned the car stealers were located in Cleveland, Ohio. He communicated this fact to the Chief of Police at Cleveland and a couple of hours later was advised that the car had been located and the car stealers locked up.

An information was made against the thieves and a warrant issued for them and they will be brought back to Clearfield county. Mr. McCrossin left Clearfield this morning for Cleveland for the purpose of bringing his car back.

Our Home Cooking Getting Popular

Hardly a day now but what someone remarks about the goodness of the cooking that comes forth from our kitchen. There's a lack of that "restaurant" taste—tastes more like the cooking that made Mother famous than anything else you can imagine.

Get the habit of dropping in here for lunches or meals. You'll like everything you eat.

WEST SIDE
RESTAURANT

STOMACH UPSET?

Get at the Root Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the root cause, the sluggish, clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver into coughing, healing way, clean the liver and bowels are purging their natural functions, and as a result, the stomach troubles are relieved.

Have you a bad taste, coated tongue, poor appetite, a lousy, constipated bowels, a flat, bloated, or indigestion? If so, take Dr. Edwards' Olive Tablets. They are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

ANY TIME IS
MILK TIME

Milk is the one food that has no regular time—you can enjoy it on your cereal for breakfast, you'll like it with your meal at noon and for supper you'll find that you'll sleep better if your meal is topped off with a glass of foaming pasteurized milk.

Then at bedtime, if you find it hard to sleep, a cup of hot milk will often bring sleep when recourse to drugs might bring on a harmful habit. And if drinking milk at night becomes a habit, it's a habit that will be beneficial from the very start.

Milk is a food—drink more of it.

14 first line ships to the 16 now partially built and rush all 30 to completion within the next few years members of Congress have been informed.

Protection Necessary
"In case the conference fails, the American people will understand what is before them. They will not allow this government to stand unprotected." Representative Butler, of Pennsylvania, chairman of the House Naval Affairs Committee said today.

"This is not the time to make or imply threats, but should the conference fail we must protect ourselves."

British May Temporarily
London, Eng., Nov. 15.—The British delegation to the Washington Arms Conference may be inclined to do some temporizing, owing to the possibility of Premier Lloyd George being unable to join his colleagues within a fortnight, it was indicated in authoritative circles here today.

The delegation, it was indicated, would be inclined to reserve decision on a few vitally important matters for the Premier's personal consideration. The time for his departure for Washington will be definitely fixed after the Unionist Party convention in Liverpool Thursday.

Working on Substitute Alliance
Washington, D. C., Nov. 15.—British representatives were reported today to be working out a substitution for the Anglo-Japanese Alliance. All details, however, were withheld, even as to whether a triple band—American, England and Japan

—was contemplated.
French Hold Pessimistic View
Paris, France, Nov. 15.—The consensus of opinion of the French press today was that a naval holiday would not be efficacious unless the Pacific questions were settled.
"Such a reduction as contemplated would only precipitate a conflict if the motive for a quarrel remained," the Journal said. "Two problems must be solved—rival interest and international relations."

HADN'T THE PEP TO GET UP AND DRESS, HE SAID

But P. O. Old Reliable Builder, Nerv-Worth, Says Restored His Vigor.

It is useless to give up hope and surrender to depressed feelings when Nerv-Worth will build you up so quickly. Proof that it will do this is found in hundreds of statements from satisfied users, one of which is written by J. B. Wilson, West Poplar St., Kynney, Ohio, says: "I had nervous indigestion, and couldn't sleep at night. Nerv-Worth is now \$1.00 per bottle, at Stewart's Drug Co."

I would wake up in the morning as tired and listless that I hardly had enough pep to get on my feet. I have used Nerv-Worth only twice, and I am greatly improved. For this time of year, many people feel depressed, and for the best of a reason. If the reader feels that way, let him choose Nerv-Worth for his tonic. If after you have taken your first bottle, you are not pleased, your druggist is authorized to refund your money. Hold by all leading druggists.

ODDS AND ENDS AND THINGS

"By Skinner"

Government hunters in the last six years have killed with trap and gun 156,150 wild animals that roamed the Western cattle ranges and preyed on live stock, according to a report of the Department of Agriculture. The campaign against these animals was begun by the Government in 1915 and now all the States, except Arkansas, Oklahoma and South Dakota are co-operating.

Listing the predatory animals which go to make up the kill total, the inventories of the six-year campaign are 406 bears, 17,812 bobcats and lynxes, 133,604 coyotes, 668 mountain lions and 3,330 wolves. The bag of the Government hunters varied from 200 to 500, and the kill of State employees engaged in co-operative campaigns. The total shows the number of scalps taken; it does not include the large number of animals

killed by poison. Probably the figures would be doubled if those animals too, were in the list. Many poisoned animals are never found.

In the fiscal year 1921 the total number of predatory animals killed was 27,937, classified as follows: 89 bears, 2,468 bobcats and lynxes, 24,258 coyotes, 128 mountain lions and 504 wolves. The average destruction by these animals is estimated to have been for each wolf and mountain lion about \$1,000 worth of live stock; each coyote and bobcat, \$50 worth; and each stock-killing bear, \$500 worth. In view of these estimates an idea is obtained of the tremendous damage averted by the Government's skilled hunters.

A glance through the biographical chapters of the Congressional Register discloses the interesting fact that forty-eight of the ninety-six United States Senators are natives of twelve States and that of the remaining forty-eight, three were born under foreign flags. Pennsylvania and Ohio are tied for first place each with six of their native born sons. Members of the Upper House of Congress, Maine being second with five and New York, Illinois, Massachusetts and Kentucky tied for third place with four each.

The Senator who were born in Pennsylvania are Boise Penrose and William E. Crow, the representatives of the Keystone State; Albert S. Cummins of Iowa; Selden P. Spencer of Missouri; Walter E. Edge of New Jersey and Lawrence C. Phipps, of Colorado.

There are in the United States 60,886,520 persons of voting age, of whom 31,403,270 are men and 29,483,250 are women. Of these millions, 54,431,892 are men and women who are citizens of the United States; 27,661,880 being men and 26,769,992 women. These totals are disclosed in a report just completed by the statisticians of the Bureau of the Census.

The total number of men of 21 years of age and more comprise 28,442,100 whites, 2,792,066 negroes, 61,229 Indians, 46,579 Chinese, 53,411 Japanese and 7,315 men of other races—Hindus, Filipinos, Hawaiians, Malays, &c. Of the white men 21,519,918 are natives and 6,928,452 the native born 15,505,063 were the children of persons who were also native born Americans. Of the remainder 2,953,384 were born in the United States of foreign parents.

while 1,752,501 were of mixed native and foreign parentage.

Plans for creating a permanent contingent fund for the use of the President in entertaining and for meeting other extraordinary expenses, were discussed by conferees on the Tax Revision bill.

The conferees also approved the Senate provision taxing the salaries of the President and the Federal Judiciary.

The action of the conference committee means that President Harding will have to pay approximately \$18,000 of his salary back to the Government.

Seekers of Trouble.
In spite of the large number of unsettled questions before the world the type of mentality is still in evidence that regards itself as doing the public a favor by digging up more problems.
—Washington Star.

To Mothers of Delicate Children

Wilkes-Barre, Penna.—"I want other mothers to know what Vinol has done for my boy. Bronchial pneumonia left him in a frail delicate condition and terrible coughing spells. The doctor tried different prescriptions, but continued to fail. I was told about Vinol, and he tried it, and I never saw such a change as it has made in him, as he is now the picture of health and perfectly well."—Mrs. CAROLINE JONES, 114 South Meade Street, Wilkes-Barre, Pa.

LEGION HEAD A REAL AMERICAN

The first official act of Hanford MacNider, newly elected national commander of the American Legion, was his attendance at the Armistice Day celebration at Arlington, as representative of the majority of ex-service men in the United States. He will remain at Washington during the disarmament conference. MacNider's election has been approved by Legionnaires everywhere. "He is exactly the type of man we want to lead us," seems to be the unanimous comment. The impressive things about the new commander are that he went into the army a buck private and came out a lieutenant colonel with eleven citations and nine decorations; that at the age of thirty-two he is head of a large banking business in Iowa and that he is a "Harvard man without Harvard accent." He has been hailed everywhere as a "real soldier."

DEATH RATE DECREASE DUE TO DRY LAW, OFFICIALS SAY

According to the officials of the Health Department, Pittsburgh will this year experience the lowest death rate in its history and prohibition is one of the reasons. These officials base their predictions on the mortality figures for the first nine months of 1921.

Records of the Health Department show that 6,171 deaths have been reported from all causes in Pittsburgh thus far this year. This is 1,189 deaths less than the same period in 1920, 383 less than in 1919 and somewhat less than the figures for any year since 1911, despite the steady increase in the city's population.

THE SPIRIT OF PEACE

It has been the fear of many people that the influence of that element most familiarly known as "big business," which profits from the building of armament, would fight such a sudden reduction of armament as proposed by Secretary Hughes. The steel trust particularly will find itself forced to hunt for an outlet for steel in other quarters. That the big businessmen of the country have caught the spirit of the Hughes program is made plain by the following comment from Judge Gary, head of the U. S. Steel Corporation:

"Secretary Hughes' proposals are practicable, practical, reasonable and sound in every respect, and no doubt will have a decided influence on the conference. I don't believe the American people will object to anything he said or the position he took."

"I feel certain that the leaders of the other nations will coincide with what Secretary Hughes said. There is every reason to be hopeful of a satisfactory solution of the question of limitation of armament."

A SENSIBLE MEDIUM

The Disarmament Conference, we believe, has struck a happy and safe solution of handling its intimate details, whereby the meetings of the whole conference are to be public and all major questions are to be referred to committees who will conduct their hearings in privacy. The conclusions and findings of the committee will be reported to the conference. In these private hearings the committee members will be able to discuss their problems without reserve and many things said in the heat of the argument will be hidden from public view and forgotten, before the "alarmists" have an opportunity to make war material of them. There is nothing contrary to the principal of open diplomacy in this procedure. It is only shutting off the spoken words from the gossips, who would distort the facts, until facts can be laid before the conference and the public.

PRINCE ALBERT

"Three Wise Fools" Will Show Tonight At Driggs Theatre

John Golden will present his master comedy of mystery, love and laughter, "3 Wise Fools" by Austin Strong at the Driggs Opera House tonight for one performance.

While this producer is in the public eye now vividly because of the world record run of three years and a day of the exact 1,291 consecutive times, made by "Lightnin'" at the Gaiety Theatre, New York and his promising season at the Blackstone Theatre, Chicago; he is sincerely envied by the leading producers for the remarkable virility and popularity of the Strong comedy, "3 Wise Fools" ran a year at the Criterion, New York, and followed this with six months in Chicago, and then sequentially three months each in Boston and Philadelphia. Last season it toured the country from coast to coast. And it is known as the greatest piece of stage property in existence. Its records of business everywhere are without parallel, shattering in numerous cities the time honored capacities set by the

immense "Ben Hur" production. "3 Wise Fools" will live in popularity perhaps longer than "Lightnin'" itself, and that would seem to be an eternity.

Progress job work satisfies everyone.

Who Owns the Earth?
It is estimated that there are 57,255,000 square miles of land on the earth. Of this number about 20,000,000 square miles are fertile. Great Britain claims 14,500,000 square miles—almost half the balance is unequally divided among many other nations.

TAKES CARE OF 5 CHILDREN

Mrs. Taylor's Sickness Ended by Lydia E. Pinkham's Vegetable Compound

Roxbury, Mass.—"I suffered continually with backache and was often despondent, had dizzy spells and at my monthly periods I was almost impossible to keep around at my work. Since my last baby came two years ago my back has been worse and no position I could get in would relieve it, and doctor's medicine did nothing. A friend recommended Lydia E. Pinkham's Vegetable Compound and I have found great relief since using it. My back is much better and I can sleep well. I keep house and have the care of five children so my work is very trying and I am very thankful I have found the Compound such a help. I recommend it to my friends and if you wish to see this letter I am very glad to help any woman suffering as I was until I used Lydia E. Pinkham's Vegetable Compound."

Mrs. MAUDE E. TAYLOR, 5 St. James Place, Roxbury, Mass.

Backache is one of the most common symptoms of a displacement or derangement of the female system. No woman should make the mistake of trying to overcome it by heroic endurance, but profit by Mrs. Taylor's experience and try Lydia E. Pinkham's Vegetable Compound.

Your Red Cross Roll Call Dollar is a good investment. Do not let your membership lapse.

Great Healer For Sores, Cuts, Scalds, Burns and Bruises

Great Antiseptic Ointment Called "San Cura" that Your Local Druggist Sells on Money-back Plan.

"Arm badly scalded with steam," writes Gilbert Hand of Rind's Mills, Ohio: "San Cura Ointment relieved the pain at once and arm healed rapidly. It is a wonderful ointment."

Here's another: Ellis W. Frankenstein, Titusville, Pa., broke his leg; was in bed six months; discharged from hospital as incurable; was five years on crutches, while opening in leg continued to discharge pus; suffered terrible pains; San Cura Ointment drew out poisonous pus and many pieces of bone; now perfectly healthy; sore healed, and weight increased from 86 to 121 pounds.

San Cura Ointment is such a marvelous healing antiseptic ointment that it is sold on money-back plan. It relieves itching skin, tetter, eczema, salt rheum, old running and fever sores, ulcers, boils, carbuncles, sore nipples, piles, frost-bite, chilblains, catarrh and chapped skin.

The Sale Of Community Plate Started Briskly

Lots of folks were in on Saturday evening and took advantage of the greatly lowered prices on this celebrated tableware, so that they might save on their Christmas purchases.

And with the prices in force for the remainder of the week, it will be to your advantage to come in and see how much can be bought for so little.

You know the Community Plate—it's guaranteed for 50, 25 or 10 years, according to the quality you buy. You know the favored patterns and we have them all here.

Better get yours before the assortments are broken.

STAGGERING FIGURES COME FROM WASHINGTON ON EYE DEFECTS

The figures put out by a recent investigation under direction of Herbert Hoover show that 25,000,000 workers in this country have defective vision.

Possibly you are one of those 25 million and wonder why you are losing your pep as far as getting out work is concerned.

Consult me and an examination will show whether or not you need glasses and then if you need them I'll fit you correctly.

C. C. ARNOLD

Thanksgiving Sale of Linens

Back Again --- Good Old Irish Linens Low Prices Back Too

Housekeepers who have been watching regretfully the wear on their highly priced household linens during the past few years, may now have relief through the home-coming of good old Irish linen. With the coming of fresh stocks of all linen table damask, table cloths and napkins, there comes also a return of more moderate prices than the war time period presented.

THE LINEN FAMINE IS OVER

It was a pity indeed that many householders who were lovers and constant users of pure Irish linens, felt it necessary to substitute with cotton damask the past few years, but with the return of more normal conditions, back came our pure Irish linens and prices at least somewhere near former quotations.

Gossip For Tonight's Tea Table

John Dimeling of Spokane, Washington spent the past two days in Clearfield on a business mission. John looks as though the Pacific Coast country agrees with him.

Born to Mr. and Mrs. O. A. Nicholson on Sixth street Saturday, November 12th a son.

Miss May Robinson spent the week end in Huntingdon with friends.

Irvin Shaw has returned from a short visit with friends in Punsu-tawney.

Mrs. R. D. Swoope was shopping in town yesterday.

Miss Mary Wescott entertained two tables of five hundred Friday evening at her home on Merrill street.

Mr. and Mrs. Robert Alderdice have returned to their home in Pittsburgh after spending a few days with Mr. and Mrs. Singleton Bell.

Miss Jean Smith of Curwensville spent Monday in town.

Miss Agnes Groff spent the week-end with friends in Pittsburgh.

Mrs. E. H. Albert and daughter Grace of Woodland, were shopping in Clearfield yesterday.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

Liggett & Myers Tobacco Co.
